

"The History of Cartography" by J. B. Harley and D. Woodward free on the Internet

The first part of well known *The History of Cartography*, edited by J. B. Harley and D. Woodward, was published in 1987. The second part, consisted of three books, was being published during the next 11 years. Since recently, all four books have been available for free, on the Internet (<http://press.uchicago.edu/books/HOC/index.html>).

Cartography in Prehistoric, Ancient and Medieval Europe and Mediterranean is the title of the first part. It consists of 21 chapters on 622 pages.

The first book of the second part is called *Cartography in the Traditional Islamic and South Asian Societies* and it consists of 20 chapters and 604 pages in total. The title of the second book is

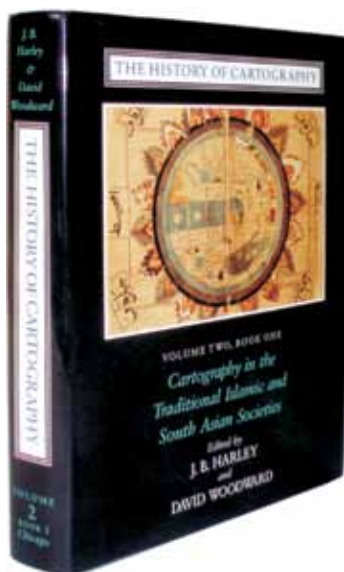

Cartography in the Traditional East and South-east Asian Societies. It has got 998 pages within 21 chapters. *Cartography in the Traditional African, American, Arctic, Australian, and Pacific Societies* is the title of the third book, edited by David Woodward and G. Malcolm Lewis and it consists of 15 chapters, with 500 pages in total.

The books have been uploaded to the Internet by the publisher *University of Chicago Press*. Each one of these 77 chapters in total has been uploaded in a separate PDF file. Besides the pictures and drawings in the text, there have been files added to every book, with a large number of pictures in colour.

"Povijest kartografije" J. B. Harleja i D. Woodworda besplatno na internetu

Prvi dio dobro poznate Povijesti kartografije (*The History of Cartography*), što su ga uredili J. B. Harley i D. Woodward, objavljen je 1987. godine. Drugi dio, koji se sastoji od tri knjige, objavljan je slijedećih 11 godina. Odnedavno se sve četiri knjige nalaze besplatno dostupne na internetu (<http://press.uchicago.edu/books/HOC/index.html>).

Kartografija u prapovijesnoj, antičkoj i srednjovjekovnoj Europi i Mediteranu (*Cartography in Prehistoric, Ancient and Medieval Europe and Mediterranean*) naslov je prvoga dijela. Sastoji se od 21 poglavlja na 622 stranice.

Prva knjiga drugog dijela ima naslov Kartografija u tradicionalnim islamskim i južnoafričkim društvima (*Cartography in the Traditional Islamic and South Asian Societies*) i sastoji se od

20 poglavlja s ukupno 604 stranice. Naslov druge knjige je Kartografija u tradicionalnim istočnim i južnoistočnim azijskim društvima (*Cartography in the Traditional East and Southeast Asian Societies*) ima 998 stranica i sastoji se od 21 poglavlja. Kartografija u tradicionalnim afričkim, američkim, artičkim, australskim i pacifičkim društvima (*Cartography in the Tradicional African, American, Arctic, Australian, and Pacific Societies*) naslov je treće knjige, koju su uredili David Woodward i G. Malcolm Lewis, a sastoji se od 15 poglavlja s ukupno 500 stranica.

Knjige je na internet postavio izdavač *University of Chicago Press*. Svako od ukupno 77 poglavlja u zasebnoj je datoteci u formatu PDF. Osim slika i crteža u tekstu uz svaku knjigu priložene su datoteke s većim brojem slika u boji.
