

From Journals

150

This is a selection of papers related to cartography and geoinformation from journals which are not primarily cartographic, and the full texts of which are available on the Internet to members of Croatian academic and research community. Most journals are available via the PERO browser (<http://knjiznica.irb.hr/pero/index.php>). For journals not available using that browser, full texts of listed papers are available freely at listed web addresses. Parentheses next to each journal contain which prominent bibliographic and citation bases it is included in: CC (Current Contents), SCIE (Science Citation Index Expanded), SSCI (Social Science Citation Index). It should be noted that issues of some journals available via the PERO browser can not be accessed until 6, 12 or sometimes even 18 months after publishing.

Iz časopisa

Dan je izbor članaka iz područja kartografije i geoinformacija iz časopisa, koji nisu u prvom redu kartografski, a kojima su cijeloviti tekstovi dostupni na internetu članovima hrvatske akademske i istraživačke zajednice. Većina časopisa dostupna je preko pretraživača PERO (<http://knjiznica.irb.hr/pero/index.php>). Za časopise koji nisu dostupni preko tog pretraživača cijeloviti tekstovi navedenih članaka slobodno su pristupačni na upisanoj web-adresi. Uz svaki je časopis u zagradi naznačeno u koje je ugleđene bibliografske i citatne baze uvršten: CC (Current Contents), SCIE (Science Citation Index Expanded), SSCI (Social Science Citation Index). Treba naglasiti da za neke časopise, dostupne preko pretraživača PERO, postoji odgoda pristupa najnovijim brojevima od 6, 12, a po nekad i 18 mjeseci.

WASHINGTON MAP SOCIETY

WASHINGTON, D.C. USA

THE PORTOLAN

Only cartographic history/map-collecting journal in the Americas. Published three times per year with contributed original articles, meeting summaries, book reviews, carto-bibliography, and events of interest.

LOCAL AND REGIONAL MEETINGS AND FIELD TRIPS

Nine meetings per year. Periodic weekend workshops. Regional field trips.

SCHOLARLY WRITING AWARD

Annual **Ristow Prize** for Academic Achievement in the History of Cartography

Offered since 1994, eligible are full- or part-time undergraduate, graduate, or first year post-doctoral students. \$ 1000 prize and publication in *The Portolan*.

Croatian Cartographic Society

established in 2001

www.kartografija.hr

- CCS is a society of professionals as well as other people with special interest in cartography.
- CCS's activities cover Croatian territory, but it also co-operates on professional level and exchanges both scientific and practical cognitions with other related associations.
- CCS uses its own publications and a journal to inform the general public about its activities. It also organizes scientific and professional conferences and co-operates with corresponding societies and associations in Croatia and abroad.

Cartography and Geoinformation

a journal published in Croatian and English

- The journal publishes scientific and professional papers, reviews of books, software, conferences, exhibitions and more.
- Printed in full color with many illustrations
- Full papers are available at <http://hrcak.srce.hr/kig> and <http://www.kartografija.hr/kig>
