Sjeverna polutka na stožastoj projekciji

Northern hemisphere in a conical projection

The determination of the distance from Zagreb to Split.

Using a simple tool for the determination of coordinates on a topographic map.

Na svakoj ilustraciji je nešto čudno. Pokušajte pronaći ono što ne valja i pošaljite vaša rješenja i komentare uredniku. Najzanimljivija pisma objavit ćemo u sljedećem broju.

Every illustration has something strange in it. Try to find out what is wrong and send your solution and comments to the editor. The most interesting letters will be published in the next issue.
